Sub: Grow More Food Wells - Tank bed wells - Sinking at Government cost - Suggestion of the Hon'ble Revenue Minister - Board's remarks - Submitted.

Ref: From the Collector of Anantapur, L.Dis.12396/46, dated 8th October 1946
Board's Reference No.V.Spl. 10532/46-1, dated 27-11-46
Board's Ref.No.V.Spl. 10532/46-5, dated 30-7-1947.

Resolution:

The Board submits the following report in continuation of its last Reference cited above. Both the Executive Engineer, Bellary and the Collector of Anantapur have in their letters submitted with the Board's first Reference cited above, expressed the opinion that the digging of wells in tank beds does not seem practicable. The Collector, while expressing the opinion that there are many complications in the proposal to sink wells in tank beds, has observed that the difficulties could be avoided if the wells were sunk in Government lands other than tank beds. The lands other than tank beds at the disposal of the Government available for the construction of irrigation wells are mostly poramboke lands.

2. The Board invites the attention of the Government to its Proceedings Rt.No.591, dated 6th February 1948, in which it has expressed the opinion that it is not desirable to take up the construction of demonstration wells for the reasons stated therein.

It.....

It considers that the same remarks apply with greater force to the proposal to construct wells in tank beds
It accordingly recommends that the proposal may be dropped.
